R.O.C. No. 2557-F.8-39.

Station Camp: Coondapur., *Dated the* 3rd December 1939.

From (Name) A. C. Woodhouse, Esquire, C.I.E.

(Designation) Collector of South Kanara.

To The Secretary to the Government of Madras,

Revenue Department.

MADRAS.

Sir,

Through

The Secretary to the Board of Revenue,
Land Revenue and Settlement,
Madras.

Sir,

The need for a bicycle for use in the Treasury Deputy Collector's office has long been felt and I propose to purchase one. The Treasury Deputy Collector has two peons and it has often been found impossible for them to cope with urgent work, particularly during the time of the preparation of the monthly Treasury accounts and of the weekly season reports. Previously the Mangalore Taluk Office was connected by telephone; but as

a measure of retrenchment the telephone connection was given up. Most of the public offices are some distance away from the Collector's office and correspondence with other offices is delayed sometimes because the bicycle in the Collector's office is being used for correspondence dealt with by the Collector's office. Although the necessity of a bicycle for the exclusive use of the Treasury Deputy Collector's office was long felt, the question of buying one was postponed.

I therefore request that sanction may be accorded for the initial purchase of a bicycle at a cost not exceeding Rs.75/- for the use of the office of my Treasury Deputy Collector during the current official year. The cost will be met from the savings under the head '25 General Administration - E. District Administration - Treasury Establishment - Voted Contingencies - Other charges'

Bicycle - (South Kanara) - Treasury Deputy Collector's office - Initial supply - Sanction - Further information - Furnished.

Ref:- Ref.No. P.2704/39-1 dated 18-12-1939 from the Board of Revenue.

The purchase of a bicycle for the Treasury Deputy Collector's office was proposed in place of essential articles of furniture required in view of its urgent and imperative necessity. It does not form a scheme resulting in the loss of revenue nor does it involve an increased expenditure as no additional allotment has been asked for. This question was taken up considering all its aspects.

The distances of the Treasury Deputy Collector's office from other public offices are given below:-

Offices.	Approximate distance.
From the Railway station.	3/4 of a mile.
" Post Office.	2 furlongs.

BICYCLE - (South Kanara) - Treasury Deputy Collector's office - Initial supply - Sanction - Further information - Furnished.

Ref:- Ref.P.2704-39-2 dated 29-1-40 from the Board of Revenue.

There are two bicycles of which one is in the bungalow and the other in the office.

These two are "Raleigh" bicycles. The present price of a "Raleigh" bicycle with fittings, here, is Rs.85/-. As this price was considered to be high, it was thought desirable to purchase a cycle of an inferio make such as "Hercules Popular" which would also stand rough and daily use. It is a popular machine ordinari purchased. It is selling with fittings in Mangalore a Rs.70/-. Some allowance was made for possible increase in prices due to outbreak of the European War by the ti the purchase is made. It will thus be seen that the provision of a sum of Rs.75/- is not much.

Order / Ms. Resolution Rout. No. _____, dated Ref. P857/40. 1 9. 5. 19 40

In connection with the question of supply of a bicycle to the a Deputy Collectors Office in a district the Board has recently taken the opportunity of examining the number of bicycles supplied to Collectors, Collectors bungalows & the Treasury Deputy Collectors offices. It observes that the number of bicycles supplied to Collectors of Madura & Ramnad are too many. The Collectors of these districts are requested to report the usage & present cost of the bicycles in their offices & to state whether their number could not be reduced & if so, by how many.

There are 5 bicycles in the office. Two of them were purchased in March 33, one was purchased in July 33 and another machine was purchased in Sep.34. The dat of purchase of the 5th bicycle is not traceable but it is noted in the bicycle register as 31-3-26.

2. The frames of all the bicycles are strong but some parts have to be replaced and some minor repairs have to be done.

3. All the important public offices are located in the Madura town and tapals have to be delivered locally by peons. The urgent tapals have to be taken to the general Post Office and the railway station which are about 2½ miles off from the office. The District Magistrate's urgent work has ~~naturally~~ materially increased with the war. No reduction in the number of the bicycles is therefore possible.

To I.A.

The Collector of South Kanara applied for sanction for the supply of a bicycle to the Treasury Deputy Collector's Office, South Kanara.

2. In their circular Memorandum No.38775 (B.G) -3 Finance dated 19th September 1939 the Government have emphacised the need for economy in expenditure. The Collector was requested to state whether the purchase of a bicycle to the Treasury Deputy Collector's Office was imperatively and urgently required.

3. The Collector states that the expenditure was proposed in view of its urgent and imperative necessity. He adds that the Treasury Deputy Collector has two peons and it is found impossible ~~for them~~ with them to cope with the urgent work, particularly during the time of the preparation of the monthly treasury accounts and of the weekly season reports.

4. The Member has ordered that a statement showing the number of bicycles in use in the Collector's ~~Bungalows~~ Offices, Collector's bungalows and the Treasury Deputy Collector's Offices ~~should be called up~~. A reference was sent to all Collectors. Replies have been received from all officers.

5. A statement showing the number of bicycles in use in the several districts is put up at (R). It will be seen therefrom that a separate bicycle has been supplied for each Treasury Deputy Collector's Office in all the districts consulted, except in the districts of Anantapur, Nellore, Kurnool and the Nilgiris. The Collector of Kurnool reports that the bicycle supplied for his office is being used for the Treasury Deputy Collector's Office also.

In the case of Nellore, however, the proposal to purchase a bicycle for the use of the Treasury Deputy Collector's Office ~~Nellore~~ was turned down by the Board and the Collector was informed that the bicycl in use in the Correspondence section should be available for urgent communications to be received o sent by the Treasury Deputy Collector.

The Member has observed at page 6 N.F. that Nellore and South Kanara do not differ. Hence, it is for favour of orders if the Collector may be informed that the Board sees no necessity for supplying the Collector with one more bicycle in addition to the two he already has, and that the Collector should allow the Treasury Deputy Collector the use of his Office machine, wherever urgency demands it.

28.3.40 28.3.40 28.3 A.S. (L.R.)

This is not the case for increasing facilities. But the Collr says the bicycle is in lieu of the telephone. He does not say when the telephone was given up; he has this office probably knows. When Madura is reminded then be asked to consider reducing the bicycles, each having the large number of 5.

Please see M2's orders at B at page 10 ante of BP. no. 928 Mis dated 5-4-40

(F)

2) There are 5 bicycles in each of the Collectors offices of Ramnad and Madura. The Collectors of these two districts were requested

443+451 ante (F)

to state whether the number of bicycles in their offices could be reduced and if so by how many.

MC 7

The Collector of Ramnad states that he can reduce the number from 5 to 4. by dispensing with one of the cycles in use in the office. This

302 ante 3

may be approved. He has not reported the age and condition of the bicycles. The Collector may be requested to sell one of the old bicycles in public auction and report the result.

B

6

3/ The Collector of Madura however reports that all the important public offices are located in the Madura town and staffs have to be delivered locally by foot. He states that the urgent staffs have to be taken to the Post office and the Railway station which are about 2½ miles off from the offices. He adds that the District Magistrate's urgent work has materially increased and that it was stated that no reduction in the present number of bicycles is possible.

In view of the fact that as compared with the Ramnad district other work in the Collectors office, Madura is heavier, there is also an A.D.M. the Collector's report stated no reduction in the number of bicycles is possible, may be accepted in favour of orders.
